

With rammed earth many shapes and forms are possible limited only by your imagination.

We are passionate about the use of rammed earth both on its own and in combination with other materials to create the ideal solar passive living environment.

Our range of standard floor plans will inspire you. We can even create your own Rammed Earth Living custom design. (custom design pictured)

During the design consultation, we encourage you to develop your own ideas so that you are completely involved in the design process. We listen to your requirements and deliver a design solution which exceeds your expectations.

Please don't hesitate to contact us to find out more about how we can help you with your dream home.

Note:

Our range of standard floor plans are being finalised and will be ready very soon so please don't hesitate to register your interest to be notified when our standard designs are ready. You can do this by sending us a message via the [Contact Us](#) page.
